

Since 1988 we are trading with used metal working machines and industrial plants and since 1996 we have an Internet presence. If you are looking for used machines, then you have found the right partner.

Browse through our Website and convince yourself:

[You can find machines structured according to their main categories](#)

[You can find machines through our simple search criteria feature](#)

[Should you not find the machine you are looking for then simply use our Inquiry Form Feature – we can then try and source a machine for you](#)

[You wish to sell machines?](#)
